## RECOMMENDATION LETTER FOR MUSTAFA JABIR POONAWALA

*To whom this may concern,*

I'm the Founder and CTIO for Cloud Innovates Pte Ltd, where we specialize in fully integrated business solutions to drive success and make processes easy through augmented intelligence. We have worked with various industries experts to deliver unique solutions to its own domain. Our solutions are smart, secure and easy to use at any time, place and across multiple devices. We strive to provide innovative solutions by assisting companies in automating their day to day operations.

Mustafa Jabir Poonawala was selected as an intern after several interviews, as I was able to see his passion and extensive knowledge in the field of Computer Science. He was equipped with the skills of python programming, machine learning and a brief understanding of Keras – TensorFlow: a library used for image classification. Hence, he was the ideal candidate for my recent project which was about designing an interface to identify an image containing different kinds of cargo for a logistics company. He worked as an Assistant Algorithm Developer, wherein he not only helped the company to debug, test and develop new algorithms for image classification, but he also helped in various other sales and corporate tasks.

As his direct supervisor, I have witnessed his remarkable skills for computer programming and his responsibility to enhance efficiency and make programs that are virtually error free. He was able to adapt the tight deadline that were set and also quickly familiarized with various analytical tools in a very short span of time. As a student in High School, his work was very conclusive and undoubtedly exceeded my expectations.

Surely, Mustafa has a deep competitive spirit and a fantastic passion for work. He will be a great contributor to any organization and will make a significant mark in your college/firm. If you have any questions regarding this recommendation please feel free to call me (@ +65 98251286) or email me ([Shabs@cloudinnovates.com](mailto:Shabs@cloudinnovates.com)).

*Thank you,*

*Your sincerely,*  
Shabbir Goolamabbas  
Founder & CTIO  
Cloud Innovates Pte Ltd.
